You should tell the security folks that you're here for the EPA Passaic River meeting. If there's a problem, please call me at 212-637-4310 and I can come down to help.

When we go through security, do we need to ask for someone- who?
Thanks

Ana,

Thanks for your inquiry, which asks for the comments developed by NJDEP and NOAA/FWS for the CSTAG meeting to be forwarded to the CAG. We're currently reaching out to those groups to see if these comments can be released. We'll get back to you once we hear from them.

Please let us know if you have any other questions.

Hello Jennifer

We wanted to let you know that the CAG's prepared statement will go out to members and to EPA staff from Doug in the next day or two and these comments serve as our official submission to you of our testimony for March 1st.

Also we wanted to inquire about whether it would be possible to receive a copy of the other stakeholder's comments, specifically NJDEP and Fish & Wildlife, prior to March 1st?

Thank you
Ana Baptista
